DETAILED ACTION

Response to Amendment

The applicant's amendment filed 12-6-04 overcomes the examiner's prior art rejection. Hence claims 5, 9, 22, 26 and 34 are allowed.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

 The applicant has chosen to amend the claims as per the examiner's recommendation. Since the examiner believes the amended claims to be novel, in his opinion, the application has been allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
